

RAILS AND TALES 2017

June 28 to July 5

In honour of Canada's 150th anniversary in 2017, Rails and Tales 2017 is partnering with East Central Alberta Heritage Society and Alberta Prairie Railway to celebrate

the history of railways and settlement in Canada. We are bringing together two operating Canadian steam locomotives, heritage agricultural

equipment and heritage displays. Rails and Tales 2017 invites heritage and rail aficionados in Alberta, Canada, and around the world to this family-friendly event.
