**Attachments:** NJMT 062617 2017 Lease Submission.pdf

After the holiday we should discuss the Master Plan (included in the attachments) . The NJMT does not address the facility. In particular they should be implementing maintenance plan that includes, repairing structures, painting, replacing signs removal of excess equipment, equipment that cannot be displayed or has no interpretive value, projects that were started but not completed and removal of excess/obsolete/damaged/trash/recyclables from the park.

**Subject:** New Jersey Museum of Transportation Lease Material Submission

Mr. Chidley:

Attached is a PDF of the NJMT submission that is required as per our current lease. Please confirm receipt of this email.
